About us?

Percy Jackson is about to be kicked out of boarding school... again. And that's the least of his troubles. Lately, mythological monsters and the gods of Mount Olympus seem to be walking straight out of the pages of Percy's Greek mythology textbook and into his life. And worse, he's angered a few of them. Zeus's master lightning bolt has been stolen, and Percy is the prime suspect.

Now Percy and his friends have just ten days to find and return Zeus's stolen property and bring peace to a warring Mount Olympus. But to succeed on his quest, Percy will have to do more than catch the true thief: he must come to terms with the father who abandoned him; solve the riddle of the Oracle, which warns him of betrayal by a friend; and unravel a treachery more powerful than the gods themselves.

My kids love this book!

I bought this book for my 13 year old son, because I heard very good things about this book.

Julie_Price
The whole series should be a movie

Great story with colorful characters. Liked it a lot and days later I still hadn't forgotten it. Have recommended it to everyone.

Mr_Wyka
Don't let the mythology scare you off.

My 9-year-old son chose this book mainly for the cool 'scary' cover. I had scanned through it and warned him that it had a lot of mythology.
